Director
Michael Leeton

“2020 forced us to change our ways. Hopefully, as we emerge out of this we will be able to create a new framework one where we can design a new type of world. In a way, it’s like being given a second chance: an opportunity to pause, reevaluate and reimagine. I take it as a gift.”

– Michael Leeton

Melbourne architect Michael Leeton has earned international recognition for his projects’ poetic forms and fluid curves, most notably with both Twig House and Canopy House. Laser-focused on exceptional residential architecture, Michael sees design in 2021 as the ability to “imagine and create better ways to live, work and play”, offering the opportunity to reimagine and initiate new ways of thinking.
